

# ACCURSIO BY ANTONINO SCIORTINO

Fra arte e design, la collezione Accursio introduce un inedito linguaggio creativo nello spazio domestico o contract, permettendo ambientazioni, utilizzi e abbinamenti praticamente infiniti. La base a croce in tubolari d'acciaio, di realizzazione artigianale, è l'inconfondibile elemento caratterizzante di questi tavolini, proposti con piani rotondi, quadrati o rettangolari, con altezze e dimensioni diverse, anche generose ed in una molteplicità di colori.

A cross between art and design, the Accursio collection introduces a new creative language in the home or for contract use, to create myriad settings, uses and pairings. The instantly recognisable handcrafted cross-shaped tubular steel base characterises these occasional tables, which are available with round, square or rectangular tops, and with different heights and dimensions — even extra-large — and in a broad colour palette.

Entre art et design, la collection Accursio introduit un langage inédit et créatif à la maison ou au bureau, en permettant une infinité d'aménagements, d'utilisations et d'associations. La base en croix en tube d'acier réalisée artisanalement est l'élément particulier qui caractérise ces petites tables, proposées avec un plateau rond, carré ou rectangulaire, avec des hauteurs et des dimensions différentes, même généreuses, et en une multitude de couleurs.

Zwischen Kunst und Design stellt die Kollektion Accursio eine neue, kreative Art der Formensprache sowohl in häuslichen Räumlichkeiten als auch in Objekteinrichtungsbereichen dar. Es bietet die Gelegenheit, fast unendliche Einrichtungsmöglichkeiten, Anwendungen und Kombinationen zu kreieren. Der zentrale, röhrenförmige Stahlfuß mit Fußkreuz, der handwerklich gefertigt wird, stellt das kennzeichnende Element dieser kleinen Tische dar. Die Tischplatten können rund, viereckig oder rechteckig mit unterschiedlichen Höhen und Maßen sein, die auch sehr großzügig sein können, und stehen in einer reichhaltigen Farbpalette zur Verfügung.
