

# **HYG CHAIR & BARSTOOL**

**With its hearty, welcoming expression and resilient construction, the Hyg chair is a great match for both domestic settings and contract use. Designed to provide support according to body contours, the Hyg chair places itself somewhere between chair and armchair with a shape that gently embraces you while allowing for freedom of movement.**

**The Hyg barstool offers excellent comfort and stability with its semi-low back, generous seat width and sturdy base with footrest. The sensuously curved outline conveys a feeling of joy and well-being, making the Hyg barstool a pleasant alternative to streamlined barstools. The barstool is available as 65 or 75 cm to accommodate different table heights.**

# Hyg Chair & Barstool

## DESIGN

Simon Legald, 2019

## MATERIALS
