

MG Series

Designer

De Vorm

The serving character of these tables offers a solution to every area, big or small. The small MG 1 can be fitted in between the cushions of our Arnhem Sofa as a little work space or coffee table, whilst the big MG 3 turns every Arnhem Sofa into an office area.

DeVorm

Specifications

Table top
MDF + Oak veneer, clear

Column

Weight and package size depends on the amount of tables

MG 2

MG 3

MG 1

MG 2

MG 3

MG 3

DeVorm

We create interior products by today's standards.

De Vorm is established in a new era, we develop products by the standards of today. This means we produce efficiently, use the full lifecycle of products and eventually give them a new life.

Our emphasis lies on making a product that works, by setting a variety of conditions; it should be legible, accessible, but also environmental friendly and aesthetically perfectly in balance.

We like a product because of its functionality.

A good product makes life easier - it should be developed for helping us function better throughout the day. We firmly believe that the beauty of a design lies in the sum of functions that makes it a complete product.

We continuously raise the bar.

From the very first sketches we start combining and developing new techniques to find new possibilities to innovate. Our design process is infused with technical development; techniques result in aesthetic features and the other way round.
