

STACY

arper

Stacy

High performance in a quiet gesture, the stacking chair has grown up. The Stacy collection is inspired by classical architecture in colors that evoke structural materiality—brick, rust, sandstone, marble, iron—yet remains visually and physically lightweight. Discrete and distinguished, Stacy lends sophistication to modular seating needs.

The Stacy collection blends functionality with understated elegance. The essential form is lightweight at only 5.5 kg. It can be trolley stacked up to 40 chairs for ease of transport in provisional and impromptu seating environments like universities, conference rooms, auditoriums, churches, or public spaces.

The sled base is available chromed or painted in four different colors, with or without armrests; the shell is in polypropylene, with upholstered seat or fully upholstered, or fire retardant plastic finishes. Or, create custom material pairings by combining different seat and backrest finish options: monocolour, colored seat and back, or black seat with a colored back. A suite of accessory options including a left or right side detachable writing tablet, a linking system, row spacer, numbering system and trolley for stacking enhance the Stacy's functionality, while delicate details like a comfortable waterfall seat shape and gentle sloping backrest make this robustly practical chair anything but basic.

Designer

Lievore Altherr – Alberto Lievore (Buenos Aires, 1948) and Jeannette Altherr (Heidelberg, 1965) – begins in 2016 after a 25 year trajectory as Lievore Altherr Molina. The Barcelona-based studio specializes in product design & development, strategic consulting, creative direction, art direction, and architecture for internationally recognized design companies. Lievore Altherr develops projects using an established strategy: a creative

concept integrating product design and its communication. This holistic approach, humanist character, and the search for the essential in their projects – combined with a sensibility that transmits harmony and balance – characterize the designs of Lievore Altherr.
